

*With Leeds as our base for this antiques weekend, we explore the north of England for bargains, visiting the Yorkshire Antiques and Art Fair at the Great Yorkshire showground in Harrogate. This big fair boasts that it has 'probably the widest selection of antiques, art, collectables, curios, vintage and retro in the north of England' with up to 350 stands.*

**FRIDAY 25 MAY** Departing from Oxted we make our way to the Brackley Antique Cellar near Banbury, boasting 30,000 sq ft of floor space, with more than 180 dealers and 50 show cases, selling high quality furniture, china, gold and silver jewellery, militaria, kitchenalia. We journey on to Heanor Antiques near Nottingham, which, with around 200 dealers in over a hundred and forty units, 180 cabinets of collectable and dated pieces and over 3000 square feet of glass display shelving, is a real treasure trove with an art gallery and restaurant. We arrive at our Leeds city centre hotel early evening.

**SATURDAY 26 MAY** This morning we head to Harrogate on this first day of the two day fair, the largest quality antiques and art fair with the best selection of antiques, art, collectables, curios, vintage and retro in northern England, with over 350 stands. Following our visit we spend time in the city of York before returning to Leeds.

**SUNDAY 27 MAY** After breakfast we make our way straight to Hemswell Antiques Centres, which brings together Europe's largest selection of dealers offering you the widest possible range of antiques, collectables and antique furniture. Within three separate buildings you will find around 300 display areas. Take time to wander through the vast array of bygone treasures and - who knows - you may discover that antiques bargain you've been searching for. We depart after lunch, returning home early evening.
